AMENDMENTS TO THE CLAIMS

This listing of claims below will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-33.(canceled)

- 34.(new) An apparatus comprising a cart adapted to carry a battery and a fluid supply, the cart having a first display to provide battery-related information, and a second display to provide fluid supply-related information.
- 35.(new) The apparatus of claim 34, comprising a patient treating accessory located on the cart, wherein the battery is configured to be coupled the patient treating accessory for supplying power thereto.
- 36.(new) The apparatus of claim 34, wherein the first display includes a first indicator configured to indicate the status of the battery charge level.
- 37.(new) The apparatus of claim 36, wherein the first indicator is a series of indicators forming a bar graph to indicate the status of the battery charge level.
- 38.(new) The apparatus of claim 36, wherein the first indicator flashes when the battery charge is low.
- 39.(new) The apparatus of claim 36, wherein the first display includes a second indicator configured to indicate the operating status of the battery.
- 40.(new) The apparatus of claim 39, wherein the second indicator is a series of indicators, each indicator representing a particular condition of the battery.
- 41.(new) The apparatus of claim 40, wherein one of the indicators is lit when the battery power is on.
- 42.(new) The apparatus of claim 40, wherein one of the indicators is lit when there is battery overload.
- 43.(new) The apparatus of claim 40, wherein one of the indicators is lit when there is no battery output power.
- 44.(new) The apparatus of claim 40, wherein one of the indicators is lit when service is required.
- 45.(new) The apparatus of claim 34, comprising a fluid port located on the cart and coupled to the fluid supply.
- 46.(new) The apparatus of claim 34, wherein the second display includes an indicator configured to indicate if the fluid supply is below a predetermined level.

- 47.(new) The apparatus of claim 46, wherein the indicator flashes when the fluid supply is below a predetermined level.
- 48.(new) The apparatus of claim 34, wherein the second display includes an audible alarm that sounds when the fluid supply is below a predetermined level.
- 49.(new) The apparatus of claim 48, wherein the second display includes an actuator to silence the alarm.
- 50.(new) The apparatus of claim 34, wherein the fluid supply is an oxygen cylinder.
- 51.(new) The apparatus of claim 46, wherein the fluid supply is an air cylinder.
- 52.(new) The apparatus of claim 34, wherein the cart includes an upwardly-facing top wall, and the displays are located on the upwardly-facing top wall.
 - 53.(new) The apparatus of claim 34, wherein the cart is a mobile care cart.
- 54.(new) An apparatus comprising a cart adapted to carry a battery, the cart having an upwardly-facing top wall and a display located on the upwardly-facing top wall to provide battery-related information.
- 55.(new) An apparatus comprising a cart adapted to carry a fluid supply, the cart having an upwardly-facing top wall and a display located on the upwardly-facing top wall to provide fluid supply-related information.
